

Student Term Enrollment Request

This form must be completed by the student's academic mentor after meeting with the student and discussing enrollment in an upcoming term. After it has been completed, a student must sign the request before it can be submitted to the Academics Department for review. This form is a request from a student and not a guarantee from the university.

I am requesting enrollment into the listed upcoming term for the courses listed above after consulting with my mentor who helped me complete this form. Upon enrollment I understand I will have a period where I may add or drop courses but I agree to maintain at least twelve credit hours of enrollment. Upon acceptance of this request I will be responsible for the upcoming term tuition. I understand that any credits received in previous terms must be reapplied for in order to receive them again and further understand that no guarantees have been made that I will receive credits offered in prior terms in this upcoming term.
